NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Deane Wright, athletic director for Hamlin Schools, has volunteered his services in an effort to get a summer youth program started for Hamlin. How much of a program we will have this year will depend on how much help he gets and how much interest is shown by the youth.

The program will start with registration Tuesday morning and run through the month of July. The program will be for boys and girls six years of age and older.

What programs will be available will depend on what the youngsters are interested in and the availability of people to help.

The school has offered the use of its facilities for the program.

Current plans call for the program to run from 9 to 12 Monday through Friday during the balance of July.

It is hoped that there will be enough interest shown in this program to lay the ground work for a bigger and better program next year.

Since there are a number of boat owners in the area it might be well to point out that the week of July 4-10 is "Safe Boating Week" and to note that a new regulation has been added to the Texas Water Safety Act.

Effective immediately the operator of every Class A and Class 1 motorboat while underway shall require every passenger under twelve years of age or under to wear a life preserver of the sort prescribed by the regulations of the Commandant of the Coast Guard.

This means that just having the approved life preservers in the boat will not be enough if you have youngsters along.

With 283,132 boats registered in Texas it is obvious that more and more regulations will have to be imposed if the water death rate is to be held in check.

While this country was founded on the principals of freedom of speech and the freedom of the press, I doubt that our founding fathers really meant for these freedoms to become what they have today.

I find it a little hard to believe that the people who wrote our Constitution and gave us our Bill of Rights really meant for these freedoms to cover the public use of vulgar four letter words. Nor do I believe that they intended to grant the press the freedom of deciding what should and what should not be classified government documents.

By the time this is printed it may well be that the Supreme Court has decided the issue between the newspapers and the federal government in the matter of printing stolen government documents.

What I don't understand is the question that is to be determined by the courts. From reading all of the accounts it seems that the question the courts must decide is whether or not secret information will really hurt our government if it is printed.

To me the question should be: "Does anyone outside of the government have the right to declassify information?"

I don't believe that I am ready to turn over to the New York Times or any other newspaper the power of determining what should and should not be classified information.

I admit that there is probably a lot of information that should no longer be classified but it should be up to Congress or some other government organization to decide this matter rather than some newspaper editor.

To me it seems that the matter is one where someone has stolen government documents and some

Shown at the Coke party held Monday afternoon, are from left, Kay Bailey, Loutanna Scifres, Sandra Walden, Melissa Kiser, Donna Bell, Kathy Prewit, Karen Ponder and Michael Ann Green.

SIGN-UP TUESDAY — Plans Being Made for Recreational Program

A limited Summer Recreational program will be launched here Tuesday, July 6, with registration in the high school gymnasium, according to Deane Wright, who has volunteered his services for the program.

Boys and girls, ages 6 and over, who are interested in some type of summer recreational program are to meet in the gymnasium in the high school building at 9 Tuesday morning.

If enough interest is shown, the program will be conducted from 9 a.m. until noon, Monday through Friday of each week in July.

Supt. C. F. Cook announced this week that the facilities of the school will be made available for the program.

It is not known at this time just what activities will be available. Coach Wright said that this will depend on what the youngsters who register are interested in. Among the possibilities suggested by Coach Wright were basketball, volleyball, trampoline, weights, tennis, and twirling.

Any older youth who might be interested in helping with the younger children are urged to contact Coach Wright or meet with the group Tuesday.

Local Youth to Attend Evangelism Conference

A group of young people from North Central Baptist Church will be among the 15,000 expected at the Youth Evangelism Conference to be held in Fort Worth July 1-2.

The youth, accompanied by the pastor, Rev. Harold Fleming, and Mrs. Fleming and the youth and music director, Robert Bailey, will travel with the North Park Baptist Church youth from Abilene on the North Park bus.

The young people will leave here at 12:30 p.m. today (Thursday) and return around noon on Saturday.

The youth have been working several months to earn money for the trip.

Expecting to go are Frank Meyner, Terry Neal, Debi Meyner, John Charles Hix, Danny Hix, Debby Hix, Diane

Fleming, Jimmie Niedecken, Iva Jaye Starr, Linda Walden, Yvonne Castle, Randy Crouch, Ray Scifres and Reba Carter of Rotan.

The conference will be held in the Tarrant County Convention Center.

The Hamlin youth will be housed at Park Temple Baptist Church.

Speakers will include Terry Bradshaw of the Pittsburgh Steelers professional football team and Bill Glass, former professional football player for the Cleveland Browns.

Bailey said, "The youth will participate in a spiritual 'blitz,' singing and telling about Christ in the downtown area, the zoo, shopping centers, and local church fields."

After their return home Saturday the choir will make preparation for an appearance Sunday at 7 p.m. in the First Baptist Church of Aspermont.

Most Businesses To Close Monday

With the Fourth of July falling on Sunday this year, a check with local merchants indicate that most of Hamlin's business houses will be closed on Monday, July 5.

July 4 is one of the regular holidays voted on by the Retail Trade Committee of the Hamlin Board of Community Development with the holiday falling on Sunday the merchants voted to take Monday as a holiday.

McCaulley Post Office to Observe Postal Service Day

Mrs. Rose M. Crowley of McCaulley has been appointed McCaulley Postmaster, according to E.C. Stevenson, acting director, Dallas postal region. She was one of eight persons appointed in Texas.

Mrs. Crowley has issued a special invitation to all the McCaulley postal customers to come to the office today (Thursday) to take part in the national "Postal Service Day" celebration. Today will mark the inauguration of the new United States Postal Service.

Visitors to the post office will be given a souvenir envelope imprinted with the old and the new insignia of the Postal Service. This envelope will also be made available in limited numbers as a first day cancellation — for just the cost of an 8 cent stamp — by stamping and cancelling half of the souvenir envelopes in advance.

A Fisher County native, Mrs. Crowley has worked at the McCaulley Post Office since December, 1948, and has been acting postmaster since Jan. 17, 1969.

Her late husband, Jerry Crowley, was a county commissioner 18 years.

She has one daughter, Mrs. Catherine Tehkonen of El Paso, and four grandchildren.

Girl Scouts were organized in 1912.

Barbecue, Pageant Set Here Monday Evening

A big Fourth of July celebration is being planned in Hamlin by the Hamlin Board of Community Development and the Hamlin Jaycee-ettes. Monday, July 5.

The BCD will sponsor an old fashioned barbecue at the high school cafeteria with serving to begin at 5 p.m.

The Jaycee-ettes will stage their annual Beauty Pageant and Festival at 8 p.m. in the football stadium.

Tickets are now on sale at several business firms. The price is \$2.00 for adults and \$1.25 for children under 12. Proceeds will be used for the BCD's current cleanup campaign, according to Ellis West and Jerry Smith, chairmen.

The menu will feature barbecue beef and pork and all the trimmings.

Tickets to the pageant will be sold at the gate. Admission will be 50 cents for adults and 25 cents for children.

There will be four divisions in the pageant. Mrs. Marshall Waldon is general chairman.

The divisions and their chairmen are: Miss Piper-ette (three years through second grade in the fall) Mrs. Ewell Mackey and Mrs. Joe Cortez; Little Miss (third grade through fifth grade in the fall) Mrs. John Edd Scott; Junior Miss (sixth grade through eighth grade in the fall) Mrs. Charles Brumley;

Neinda Baptist Church to Open Revival Sunday

Revival Services are scheduled for the Neinda Baptist Church July 4-11, according to the pastor, Rev. Frank Codington.

The evangelist will be Rev. Charles Whitlock, pastor of First Baptist Church of Roby. Services will begin nightly at 8. Prayer services will be at 7:30 p.m.

Robert Bailey, music director of North Central Baptist Church will be in charge of the music. The public is cordially invited to attend.

Homer Dill, City Patrolman, Quits

Homer Dill, city patrolman for the past year, submitted his resignation to the Hamlin Police Department effective Friday, according to Police Chief Ed Wheat.

In accepting Dill's resignation, Chief Wheat expressed his appreciation for the work done by Patrolman Dill while on the force and also complimented his work done with the Explorer Scouts and other civic activities.

Dill, who is now employed by Frank's TV, plans to continue to live in Hamlin.

Miss Pied Piper (freshmen through seniors) Mrs. Ken Prewit.

The girls were honored with a Coke party at the Jaycee Building Monday afternoon.

Arrangements have been made for pictures to be taken of the contestants. Only pictures of those who contact the chairman of their respective division will be taken.

Merchants are sponsoring the contestants. The merchants, their contestants and the parents of the girls are as follows:

Winn's Stores, Inc. — Lisa

Rogers, Mr. and Mrs. Dwaine Rogers.

Bryant Insurance Agency — Tresa Lee, Mr. and Mrs. Donald Lee.

White Auto Store — Annette Woolf, Mr. and Mrs. Jimmy Woolf.

Harbert Furniture — Terrie Gregory, Mr. and Mrs. Don Gregory.

Activities Planned Here For 'Postal Service Day'

During the inauguration of the new United States Postal Service today (Thursday), Postmaster Bobby Crowley announced that all members of the community are invited to visit the local Post Office.

Visitors to the Hamlin Post Office will be given a new souvenir envelope imprinted with the old and new insignia of the Postal Service.

This envelope will also be made available in limited numbers as a first day cancellation, for just the cost of an eight cent stamp, by stamping and cancelling half of the souvenir envelopes in advance.

This will be the first time first day covers have been available in all U.S. Post Offices.

A photographic display of modern Postal Service jobs and functions will help visitors learn more about the functions of the Postal Service.

The inauguration marks the official change from the Post Office Department to the U. S. Postal Service. Dedication ceremonies in Washington will mark the change over.

STARTS TODAY—

New Sales Tax Rate Starts With 10¢ Item

Beginning today (Thursday), 10-cent newspapers, coffee, candy and soft drinks will cost more as the combined State and City Sales Tax of 5 percent starts with 10-cent sales. The new state rate of 4 percent will go into effect today, bringing the total rate to 5 percent in most cities across the state.

This is true except for vending machine sales and under state law vending machine sales under 16 cents are exempt.

The one cent tax is imposed on all sales from 10 cents to 29 cents. The second cent of the new tax is levied between 30 and 49 cents, there is a three cent tax from 50 to 69 cents, four from 70 to 89 cents and five-cent tax from 90 cents to \$1.09.

Where a city sales tax is not

charged the tax starts at 13 cents.

The City of Hamlin collected nearly \$1,000 more from the city sales tax this quarter over the same quarter a year ago. The amount collected this year was \$8,291 and the amount a year ago was \$7,340.

Hamlin Herald Publisher Bob Craig said this week that it was his understanding that while the newsstand price of 10 cents on the paper was taxable that annual subscriptions would still be exempt from the tax. This is based on the cost per each price of less than 10 cents on annual subscriptions.

He also noted that some papers are raising their newsstand prices to 14 cents, or 15 cents tax included, but he is putting off any decision on this until later.

RECEIVES GAVEL — James Eddie Jay, incoming president, right, receives the gavel from Joe E. Ford, retiring president of the Hamlin Rotary Club. The installation of new officers was held last Wednesday. Other officers include Frank Stivison, vice-president; Kenneth Scott, secretary-treasurer, Donald Young, Guy Weaver, new directors; C. F. Cook, Don Bockman and Ford, holdover directors.

LIONS CLUB INSTALLATION — James Wheeler of Abilene, Lions Club District Governor, center, installed officers of the Hamlin Lions Club to be led by Bill Harbert, left, president. A. L. Gamble, right, is first vice president. The installation was held at the noon luncheon Tuesday when wives of members were guests.

AN ORDINANCE GRANTING TO LONE STAR GAS COMPANY, A CORPORATION, ITS SUCCESSORS AND ASSIGNS, A FRANCHISE TO FURNISH AND SUPPLY GAS TO THE GENERAL PUBLIC IN THE CITY OF HAMLIN, JONES COUNTY, TEXAS, FOR THE TRANSPORTING, DELIVERY, SALE AND DISTRIBUTION OF GAS IN, OUT OF, AND THROUGH SAID MUNICIPALITY FOR ALL PURPOSES:

PROVIDING FOR THE PAYMENT OF A FEE OR CHARGE FOR THE USE OF THE STREETS, ALLEYS AND PUBLIC WAYS; PROVIDING THAT IT SHALL BE IN LIEU OF OTHER FEES AND CHARGES, EXCEPTING AD VALOREM TAXES; AND REPEALING ALL PREVIOUS GAS FRANCHISE ORDINANCES.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS:

SECTION 1. That the City of Hamlin, Texas, hereinafter called "City," hereby grants to Lone Star Gas Company, hereinafter called "Company," its successors and assigns, consent to use and occupy the present and future streets, alleys, highways, public places, public thoroughfares and grounds of City for the purpose of laying, maintaining, constructing, operating and replacing therein and thereon pipelines and all other appurtenant equipment needed and necessary to deliver gas in, out of, and through said city and to sell gas to persons, firms, and corporations, including all the general public, within the City's corporate limits, said consent being granted for a term of twenty-five (25) years from and after the date of the final passage and approval of this ordinance.

SECTION 2. Company shall lay, maintain, construct, operate and replace its pipes, mains, laterals and other equipment within the city limits so as to interfere as little as possible with traffic, the surfaces of any public road, highway, streets, lanes, alleys or other public places disturbed by Company in performing the above, and shall restore same immediately after completion of the work to as near original condition as possible and shall be maintained to the satisfaction of the City Council or an authorized committee or agent appointed by said Council, for one year from the date of completion of said work, after which time responsibility for maintenance shall become the duty of the City. Whenever feasible, all paved streets and alley crossings shall be accomplished by the Company boring or punching a hole for their line but it shall not be required that Company case its line in any such street or alley

crossing. Insofar as possible, all pipelines laid in any street area shall be laid in the area between the curb and sidewalk.

Company shall upon request of City or upon request of any licensed plumber or other Contractor authorized to make any excavation in streets and alleys, forthwith locate on the ground Company's lines involved and advise the depth of Company's lines. Company shall be required, before doing any work in the streets, to first notify the City Council or an authorized committee or agent appointed by said Council of its intention to do so. If there is in the opinion of the City Council an unreasonable delay by the Company in restoring and maintaining streets, highways, parks and alleys after excavation, repairs and extensions have been made, the City shall have the right without further notice to restore or repair same and require the Company to pay the reasonable cost of so repairing or restoring them.

The territory covered by this franchise is all of the territory within the present boundary of the corporate limits of the City of Hamlin, Texas and any additional territory that may be annexed to the City of Hamlin, Texas at a later date, including the limitations on main extensions provided in Section 5 hereof.

In the event of extension of the present City of Hamlin, Texas, howsoever the same may be brought about, all of the rights, duties, liabilities, obligations and covenants herein set forth, including the limitation on main extensions provided in Section 5 hereof, shall apply to the portion or areas which are outside the present City limit as the same are added to the territorial limits of the City of Hamlin, Texas but not otherwise.

SECTION 3. When Company shall make or cause to be made excavations or shall place obstructions in any street, alley or other public place, the public shall be protected by barriers and lights placed, erected and maintained by Company; and in the event of an injury to any person or damage to any property by reason of the construction, operation or maintenance of the gas distributing plant or system of Company, Company shall indemnify and keep harmless City from any and all liability in connection therewith.

SECTION 4. In addition to the rates charged for gas supplied, Company may make and enforce reasonable charges, rules and regulations for service rendered in the conduct of its business, including a charge for services rendered in the inauguration of natural gas service, and may require, before furnishing service, the execution of a contract therefor. Company shall have the right to contract with each customer with reference to installation of, and payment for, any and all of the gas piping from the connection thereof with the Company's main in the streets or alleys to and throughout the customer's premises, but the customer shall at all times have the right to hire or contract with any licensed plumber to do or perform all work on customer's premises. Company shall own, operate and maintain all service lines which are defined as the supply lines from the Company's main to the consumer's curb line when mains are located in the streets and to the consumer's property line when mains are located in the alley. The consumer shall own, operate and maintain all yard lines and house piping. Yard lines are defined as to the underground supply lines extending from the point of connection with Company's service line to the point of connection with consumer's house piping.

SECTION 5. Company shall not be required to extend mains on any street more than one hundred (100) feet for any one consumer of gas.

SECTION 6. Company shall be entitled to require from each and every consumer of gas, before gas service is commenced, a deposit of twice the amount of an estimated average monthly bill, which said deposit may be retained by Company until service is discontinued and all bills therefor have been paid. Company shall then return said deposit to the consumer, together with six percent (6 percent) interest thereon from the date of said deposit up to the date of discontinuance of service. Company shall be entitled to apply said deposit, with accrued interest, to any indebtedness owed Company by the consumer making the deposit.

SECTION 7. The rights, privileges and franchises granted by this ordinance are not to be considered exclusive, and City hereby expressly reserves the right to grant, at any time, like privileges, rights and franchises as it may see fit to any other person or corporation for the purpose of furnishing gas for light, heat and power to and for the City and the inhabitants thereof.

SECTION 8. Company shall furnish reasonably adequate gas service to the public at reasonable rates and charges, as shall be fixed by City Rate Ordinance and Company shall maintain its property, equipment and appliances in good order and condition.

SECTION 9. Nothing contained in this franchise shall be construed to be a waiver of any right which the City has, or may have, under its Charter, Home Rule Powers, Statutes of the State of Texas, or other authority to regulate rates of charges for gas service rendered by Company or to acquire by exercise of the power of eminent domain all of the distribution property of the Company located within the City Limits, or any part thereof that may be necessary for the City to acquire for any street, alley, park or other similar City facility.

Within ninety (90) days from date of acceptance by Company of this franchise, Company shall furnish to the City a print of its Block Maps showing thereon all gas feeder and gas distribution pipelines being operated by Grantee. Thereafter, as to each construction and reconstruction of such pipelines, the Company shall furnish the City a print of the final Survey Plat for each such gas main installation or reconstruction and shall reflect thereon the location and size of such gas main, in order that the city may currently post the Block Map furnished by Company. Company shall not be required to show the location of customer service lines extending from gas mains.

SECTION 10. Company, its successors and assigns, agrees to pay and City agrees to accept, on or before the first day of April, 1972, a sum of money which shall be equivalent to two percent (2 percent) of the gross receipts received by Company from the sale of gas to its domestic and commercial consumers within the city limits of said City (expressly excluding, however, receipts derived from sales to industrial and governmental users in said City) for the period January 1, 1971 to August 31, 1971, and two percent (2 percent) of the gross receipts received by Company from the sale of gas to its domestic and commercial consumers within the city limits of said City (expressly excluding, however, receipts derived from sales to industrial and governmental users in said City) for the period September 1, 1971 to December 31, 1971, and on or before the first day of April, 1973, and on or before the same day of each succeeding year during the life of this franchise, up to and including the year 1996, a sum of money which shall be equivalent to two percent (2 percent) of the gross receipts received by Company from the sale of gas to its consumers within the city limits of said City for the preceding

calendar year, (expressly excluding, however, receipts derived from sales to governmental users in said City), which annual payment shall be for the rights and privileges herein granted to the Company including expressly, without limitation, the right to use the streets, alleys and public ways of said City. And it is also expressly agreed that the aforesaid annual payment shall be in lieu of any and all other and additional occupational taxes, easement and franchise taxes or charges, (whether levied as a special or other character of tax or charge), in lieu of municipal license and inspection fees, street taxes and street or alley rentals or charges, and all other additional municipal taxes, charges, levies, fees and rentals of whatsoever kind and character which City may impose or hereafter be authorized to levy and collect, excepting only the usual general or special ad valorem taxes which City is authorized to levy and impose upon real and personal property. Should City not have the legal power to agree that the payment of the foregoing sums of money shall be in lieu of taxes, licenses, fees, street or alley rentals or charges, easement or franchise taxes or charges aforesaid, then City agrees that it will apply so much of said sums of money paid as may be necessary to satisfy Company's obligations, if any, to pay any such taxes, licenses, charges, fees, rentals, easement or franchise taxes or charges.

Nothing contained in this Section 10 shall ever be pleaded in defense or in bar against the imposition of an involuntary gross receipts tax or charge by the City which is greater than two percent (2 percent) set forth in this Section if the City is by statute authorized to impose the same, and if it has imposed such greater involuntary gross receipts tax or charge uniformly upon all persons, firms or corporations, then engaged in rendering gas or electric service within the City, but the amounts due under the provisions of this Section shall be included within and credited upon any greater involuntary tax or charge if the same is ever imposed.

In order to determine the gross receipts received by Company from the sale of gas (expressly excluding the sale of gas to governmental consumers) within the corporate limits of City, Company agrees that on the same date that payments are made as provided in the preceding paragraph of this Section 10 it will file with the City Clerk a sworn report showing the gross receipts received from the sale of gas to its domestic and commercial industrial consumers within said corporate limits for the calendar year preceding the date of payment. City may, if it sees fit, have the books and records of Company examined by a representative of said City to ascertain the correctness of the sworn reports agreed to be filed herein. Upon official request, and at said City's expense, the City representative shall be provided a copy of the certificate of gross receipts records as filed with the Railroad Commission in Austin.

Receipts from sales to governmental users or consumers shall include all those receipts derived from the sale of gas to federal, state, county or city governments or branches and subdivisions thereof, school districts or other similar districts, it being the intention to include within the term "governmental users and consumers" all tax-supported institutions owned or operated directly or indirectly by said governments and branches or subdivisions thereof, such as schools, colleges, hospitals, eleemosynary institutions, army or training camps, airports, courthouses, city hall and other institutions of like or similar kind and character. "Industrial users or consumers," as herein used, are those generally and commonly classified as such by Company. The payment herein provided shall be for the period January 1 to December 31 of the respec-

five year that the payment is made.
SECTION 11. When this franchise ordinance shall have become effective, all previous ordinances of said City granting franchises for gas distribution purposes which were held by Company shall be automatically cancelled and annulled, and shall be of no further force and effect.

SECTION 12. This ordinance after passage shall be published at Company's expense in the Hamlin Herald one time and this ordinance shall not become effective until thirty (30) days after date of publication.

SECTION 13. Company shall file its written acceptance of this franchise ordinance within sixty (60) days after its final passage and approval by said City.

PASSED AND APPROVED on this the 21 day of June, A.D. 1971.

But what's the use in telling more about that "flood" we had last Thursday afternoon? Everybody knows it now. But some day some body maybe the Editor will forget just how much rain fell in forty minutes one time in June, 1926. So here's telling the world that on Thursday afternoon, June 17 and on Friday morning the 18th, it rained just 5.65 inches. Most of it fell Thursday afternoon. The result was that Hamlin houses leaked under the strain of the deluge of water and the wind. Streets looked like rivers, and crossings became waterfalls. But there is a good side to this. There was but little damage. Some few trees were broken, and some parts of the streets were washed. In the country, the damage to crops was greatly offset by the good soaker coming at this season of the year. The terraced lands could not hold all the water and broke over with a bit of damage, but it is conceded that an occasional break-over hurts less than a general "run-off" every time it rains. Crop conditions are fine. A few acres lost now is nothing compared to thousands that are cinched for a good crop.

Engineers did not figure that floods would come in this country. The Highway just east of Hamlin was damaged at the first concrete bridge. The abutments being washed out.

It was reported by the Chamber of Commerce that the clean up drive which has reached its end had disposed of 71 loads of trash during its week and spokesmen for the activity of the sanitation committee were somewhat disappointed in the results obtained.

Although a majority of the home owners in the community cooperated in the drive, there are still a number of glaring instances of neglect of property. Many of the alleys in the downtown section are still strewn with garbage and other trash and a little progress has been noted in the elimination of pig stys and outdoor toilets in the residential section. The sanitation committee anticipated that voluntary efforts would be made to clean up the premises in the town and no effort was made to force action.

Announcement was made early in this week that the Lueders Baptist Encampment program and District Convention will be held July 9-14.

Several outstanding speakers are scheduled to appear.

This issue of The Hamlin Herald will come to its readers as the first release from the modern Goss 16 page newspaper press that has been in the process of installation for the past two months.

Design of the press permits The Herald to print pages of the newspaper from a freshly cast curved plate which provides a new face of type for each printing.

The press is automatic in its operation and former method of hand feeding each sheet has been eliminated, each copy being printed

from a continuous roll of paper which is chopped off as the completed issue comes from the folder.

Installation of the press will speed up printing of your home town newspaper and will lead to a drive for additional subscribers as The Herald prepares to keep ahead of the growth of Hamlin.

The long awaited arrival of the Turkey baseball team in Hamlin for a return of the Hamlin visit of last month is in the offering for Hamlin baseball fans.

Tuesday night, July 3, will bring the stalwarts of that club here and Hamlin is preparing to make the visit an interesting one. The Cardinals were handed a 14 to 8 drubbing on their trip to the far reaches of the Panhandle.

Game time has been set at 8:15 p.m. and the ball park has been freshly mowed for this important game.

The Hamlin Jaycees will host a Softball Tournament here this weekend. Teams from Stamford, Munday, Rotan, Oil Mill and Hamlin will complete in the Friday and Saturday tourney.

A trophy will be awarded to the winning team.

Admission prices to the games will be: adults 50 cents and children under 12 25 cents.

Mayor John V. Howard Jr. received word here this week that Hamlin's program for community improvement —workable program through the elimination and prevention of slums and blight. This will make Hamlin eligible to apply for one or more types of Federal assistance, according to the letter received from Representative Omar Burleson.

This clears the way for government approval of a loan for low-rent housing. The Housing Authority of the City of Hamlin is seeking approval of 20 units costing in the neighborhood of \$280,000.00.

Most of the merchants in Hamlin plan to be closed Tuesday July 4, in observance of Independence Day. This is one of the regular scheduled holidays of the retail trade committee of the Board of Community Development.

The only special activity in the area other than family reunions and picnics, is the Texas Cowboy Reunion which will open in Stamford July 1

And What Have You
By BOB CRAIG

Newspapers have become a part of this crime by accepting the documents.

It may well be that no harm was done this time and it may be that the information should become public but what about next time? What if during World War II some newspaper had gotten hold of information on the atomic bomb and decided that this information should become public?

Philosopher Wants Right to Stamp
Classified On Things Given to Everybody

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One takes a look at a current controversy this week with his own brand of insight.

Dear editor:

I had always thought that "Classified" was something you paid for in a newspaper's Want-Ad section and wanted people to read, but like everybody else in the country who has seen a newspaper or watched television recently I've learned that Classified means something the Pentagon considers secret and doesn't want anybody else to read.

However in the uproar over the publication of the Vietnam classified documents from 47 volumes (some people wonder

what the Pentagon needs with 50 or 60 billion dollars a year but they don't understand the details; have you ever figured up how many rubber stamps it takes to stamp 15 sets of 47 volumes containing 7,000 pages with the words Top Secret-Classified?) there's one point it looks like everybody is missing. The point is, how come the Pentagon is the only outfit with the right to stamp something Classified and thereby make it against the law for outsiders to see it?

Personally I'd like to see this right extended, even if a man has to buy his own rubber stamp. Probably could get one at a government surplus sale.

For example, take a man's credit rating. If anything ought to be classified, that should.

When a mail order house wants you to buy something on credit and you'd like to too but it first insists on seeing your credit rating, you ought to have the right to say you're sorry but that information is classified but go ahead and fill the order.

If there was some way I could stamp my bank balance Classified and keep some bookkeeper or computer from looking at it, I wouldn't care how high taxes got or how far inflation went.

Boxed in with a hard question about where you were Saturday night? Mark it Classified and restore peace in the family.

The Pentagon is on to a good thing and I'm in favor of passing it around.

Yours faithfully,
J.A.

A DAILY INCIDENT!

Hardly a day passes without the newspapers reporting an automobile accident. Lives are lost and bodies maimed due to careless driving on our streets and highways.

Another daily incident which the newspapers often do not report, and to which others are indifferent, is the ruining of lives and character in the wretched, uneducated, and poverty-ridden parts of the great cities in our land. There are those who despair of ever getting out of their situation and so despondency sets in and a lack of desire to strive for worthy goals enters the spirit.

A loving God would have us aware of these whose lives, self-respect and character could be saved — if we were interested enough.

God often impresses the needs of His children upon those who attend His church. It is His will that we should show forth the love of God for mankind by helping all who are suffering.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DRIVERS EDUCATION — Buddy Killion Jr., left, is taking his turn in the driving phase of the current drivers education course being taught by Travis Sursa, center. Riding as observers are David Willis and Kenneth Williams, right. Cars for the program are furnished by Albritton Motor Co.

**Second Session
Of Drivers Ed
To Start July 10**

The second summer session of Drivers Education will begin Saturday, July 10, with students registering at 9 a.m.

All participants have to be 15 years of age by July 10.

Coach Travis Sursa is the instructor. The classroom phase will be concluded July 29 with the driving to follow.

Cost of the course is \$25.

The class under instruction at this time will complete requirements next week.

Vehicles for the two classes which were begun at the close of school were furnished by Albritton Motors. H. L. Williams used a 1971 Chevrolet and Sursa is using a 1971 Buick Skylark that will also be used for the second session.

**Agent Gives Hints
On Control of
Boll Weevils**

Early season insect control for overwintered bollweevils should start about 4½ weeks after cotton emerges, says Jones County Agent Kirby Clayton. Clayton recommends one application at the 4½ week stage only if weevils are found in the field.

Farmers who are located outside the bollweevil area and who do not have weevil problems should not apply insecticides for early season control.

The agent cautions farmers against using early season insect control too late in the season. He says the insecticide could kill off all beneficial insects, leaving the field open to a heavy attack of bollworms.

For further information contact your County Agent office.

From Area Papers

Stamford American — The Small Business Administration has approved a guarantee of rental on a proposed car repair and remodeling shop for Stamford. Notice of this was received here Friday by John Harrell, president of Stamford Industrial Foundation from Cong. Omar Burleson.

Total amount involved in the guarantee is \$1,440,000 over a 20-year period.

Status of the project, which has been underway here for several months, is still not certain, however. Texas Central Enterprises, who own Texas Central Railway from here to Rotan, at first were going to lease the facility and operate it. They have withdrawn from the project.

At the present time, Harrell explained, an effort is being made to form a local cooperation to operate the car shop.

The school board, in their meeting last week, discussed plans for remodeling, approved two new teachers, hired an elementary principal and a high school librarian.

Remodeling calls for three new classrooms in the old gym facilities and building a biology laboratory in the third floor of the High School in connection with the chemistry lab.

The school is building the biology lab and bids will be taken for the classrooms.

The Haskell Free Press — Approximately 40 business owners of Haskell were guests of the Haskell Free Press Monday at noon for a steak dinner, and to hear guest speaker, Lou Copone of Oklahoma City, conduct a business seminar.

In addressing the business

people of Haskell, Capone stated, "The right to criticize should be limited to the ones who have the heart to change."

To build a better image for our city, he suggested working toward creating a town that is pleasant to look at. Clean it up, then get out of a rut, and operate our town like a shopping center, with an exciting atmosphere every weekend to bring people to town.

He suggested that the Retail Trade Committee be run like a group of stockholders — everyone should be involved. Everyone should have the success of their town at heart, and do their share to make it successful.

Western Observer (Anson) — The most costly business section fire in Anson in recent years resulted in near total loss of stock and extensive damage to the building Sunday night at Ham's Super Market.

Windows were boarded and doors barred Monday and Tuesday while insurance adjusters and building construction, electric, and plumbing representatives made inspections and estimates on losses to contents and damage to structure.

Both the building and stock was insured, the owners said, and the best estimates were that at least two months will be needed to clear up everything and get the building and fixtures ready to receive a new stock of groceries.

AGENT SAYS—

**Quality Hay Can Mean
Extra Dollars for Producers**

If county livestock producers give special attention to harvesting good quality hay at the right time, they will find out that means extra dollars when the hay is fed next season, says County Agent Kirby Clayton.

Two main factors that determine the quality of hay are the amount of fertilizer and lime it receives and the age of the crop when it is harvested.

A soil test is the best indicator of what nutrients are needed to produce abundant amounts of hay crops. If no tests were made earlier in the year, and present growth of forage or yields from first cuttings are not up to par despite fertilization, a soil test must be considered.

While nitrogen influences protein content, phosphorus, potassium, and other nutrients also help to improve protein and the quality of hay. After baling, an immediate topdress with fertilizer will aid in faster, high quality regrowth, according to Clayton.

Delaying harvest of hay will result in an increased tonnage, mostly in the form of stalk and fiber, but overall quality will be lowered.

Johnson grass, sundry hybrids, and other grasses which produce seedheads should be cut before the seedheads emerge. Crops such

as Coastal Bermuda grass should be cut when the growth is about four weeks old or less.

**Texas Holiday Death Toll
Expected to Claim 48 Lives**

AUSTIN — Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents over the long July 4th holiday weekend will claim 48 lives in the Lone Star State.

In addition, Speir said it appears that between 6 p.m. Friday, July 2 and midnight Monday, July 5 — the official holiday weekend — these same collisions could result in hundreds, perhaps a thousand or more injuries, and a monetary loss running into the millions of dollars.

The DPS director, in a special appeal, said, "We urge Texans to reduce the toll by obeying the laws of safety, driving defensively, avoiding fatigue while driving, and, above all, by not driving while drinking. The ultimate solution to lessening the toll obviously lies in the hands of each driver."

Speir said as many DPS patrolmen would be on duty as possible, including some from uniformed services other than the Highway Patrol. He noted that many local law enforcement agencies will place similar special emphasis during the holiday period.

The Department of Public Safety will also conduct its "Operation Motorcade" program during the holiday "which, in cooperation with local police agencies and the news media of Texas, attempts to focus public attention on accident hazards through the rapid compilation and release of information on fatal traffic mishaps during the period.

"We are hopeful," Speir said, "that all street and highway users will make the slogan 'Drive Friendly' a reality during the July 4th weekend."

Expresses Thanks**

Dear Editor:

I want to express my gratitude to the people of Hamlin for their friendship during the past year while I have been a patrolman for the City of Hamlin. I have enjoyed working in this capacity.

I have resigned as a patrolman but plan to continue to make Hamlin my home.

Sincerely,
Homer Dill

NEWS FROM ...
Sylvester
By MRS R M BABB

We have a cool cloudy day with hopes for rain before the day is over.

Mr. Ira Haile's grandson has been here for two weeks and plans on staying one more to help his grandfather take care of things.

Mr. and Mrs. Max Deel and children of Levelland drove by the W. B. Brown home on Friday night, spent the night but on Saturday morning, Max, Wilda and daughter Karla drove on to a Deel family reunion with the younger ones staying with their grandparents. Also coming over were the Prather children from Sweetwater and every one had a good time.

Lori and Angela Maberry of Allen came home with their grandparents and have spent the past week with the Maberry and Kelly families.

A gift shower was given last Friday afternoon in the Methodist Church basement for Peggy Sellers, bride elect of Randall Kelly. Many lovely gifts were received.

On Saturday afternoon a Bridal Shower was given in the R.E.A. building in Roby for Jackie Stephenson, bride elect of Charles Mann. Jackie received many lovely gifts.

The Buster Grigg family enjoyed a visit to Six Flags on Thursday and Friday last week.

The J. L. Williams children returned to their home last week having spent several weeks here with their grandparents, the Jack Gann family.

The Jeffery family had a reunion in Rotan on Sunday with the Med Herrons, the Roy Herrons, the W.M. Lawlises, all of Sylvester; the Jimmy Purvis family of Euless and the Dobbs family of Big Spring attending. The Purvis daughter went home with the Dobbs and Jamie Purvis is staying with his grandparents, the Lawlises.

A smile doesn't cost you a thing so try it sometime.

Guests in the home of Mrs. J. E. Tindall last week were two daughters, Hazel Mauldin of Stephenville and Mrs. Aileen Stevens of Marshall.

Mr. and Mrs. Guy Mauldin spent the weekend in Clifton in the Kenneth Mauldin home.

Bro. and Mrs. Tommy Wilson of Meadow stopped by to spend the night with her mother, Mrs. Gladys Williams on their way to Dallas to a wedding.

Mr. and Mrs. Buster Brown and daughter spent the weekend in the L. C. Brown home.

Clothing Class Draws 20 Ladies

Some 20 ladies have taken part in the two week class in Clothing Construction conducted in the Homemaking Department of Hamlin High School. The class will be concluded Friday.

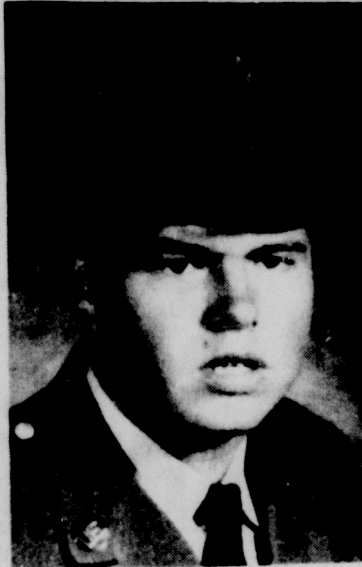

Two sessions have been held Mondays, Tuesdays, Thursdays and Fridays from 2 to 4 p.m. and 7:30 to 9:30 p.m. for those who could not attend in the afternoon.

Various garments being made include dresses, pants and pant suits, men's knit trousers and shirt, dress and coat ensemble, jump suit and a bathing suit.

Adults, in-school youth and out-of-school youth have enrolled. Some are beginning seamstresses and others are very experienced. Mrs. Joe Wayne Carter is the instructor.

Those who attended one or more sessions of the classes during the first week are Mmes. Gene Almanza, John Barnett, Janie Cork, Ben Curry, J. C. Farmer, D. T. Flores, Lionel Gonzalez, V. E. Holt, Isa Jenkins, Annie Nell Lee, Will Ribera Jr., K. T. Scott, Donald Van Dam, Stella West, L. L. Woods and Misses Julie Farmer, Debra Lee, Peggy Lee, Tracy Nell Lee, and Mitzi Hunter.

THE FAMILY LAWYER

"Doctor in the House?"

Suppose you are sitting in a theater when the man next to you slumps to the floor, unconscious. In alarm, you shout:

"Is there a doctor in the house?"

And a doctor comes and gives first aid. As the person who summoned the doctor, could you be held legally liable for his fee?

As a general rule, when you request any kind of services to be performed for someone else, you may indeed be responsible for payment. But in the case of a medical emergency, the law usually makes an exception and denies liability. As one court explained:

"Persons commonly call for medical aid for the sick solely out of a spirit of kindness, without any expectation of becoming personally responsible."

Would it matter that the sick person was your friend or relative? Not necessarily. Thus:

A man brought his daughter-in-law to the hospital for some tests while her husband was away on a trip. When surgery became necessary, he told the doctor to go ahead. Did this request, plus his kinship to the patient, make him responsible for the surgical fee?

A court said no, because it was not customary for a man to be responsible for his daughter-in-law's medical expenses. To make him liable, said the court, there would have to be a more specific understanding between him and the doctor.

Still, the understanding need not be as specific as a formal legal contract. In another case, a man was driving his girl friend home from a party when he had an accident. The girl was badly injured, and he rushed her to a hospital.

There he begged the doctor to do everything he could to save her life. He said he "felt responsible" because she had suffered the injury in his car.

Later, he tried to avoid liability to the doctor by pointing out that he had not made a specific agreement to pay. But a court held him responsible anyhow. The judge said the comments he did make, under such circumstances, could fairly be interpreted as a promise to foot the bills.

Capital NEWS

AUSTIN — Gov. Preson Smith, in an unprecedented veto action, turned the job of rewriting the entire 1973 state budget to a special legislative session next year.

Smith took the axe to \$3.1 billion in state spending which he found "unnecessary and unwarranted" for the second half of the biennium. He announced his decision on a statewide television program, and said that he will submit to the lawmakers, before September 1972, a new 1973 budget proposal which will require no new taxes.

Smith made it clear that a 1972 special session is inevitable, anyway, because the Legislature did not appropriate welfare funds for the second year.

Governor's action may accomplish the following regardless of whether a new tax bill can be avoided next year (Texas Research League estimates a \$474 million biennial tax bill will be required in the 1972 special session):

- Legislators will have to take a sober second look at spending items in an election year when many are faced with general election contests.
- Fact that little additional

federal aid is available for welfare spending, in spite of predictions by Smith, Lt. Gov. Ben Barnes and others, will be partially obscured, since the special session will not be confined to welfare alone but opened to the entire area of government spending for 1973.

Smith declined to reveal his future political plans but left dangling the prospect of a third term race.

Governor claims the public response has been almost 100 percent favorable to his historic veto. Lieutenant Governor and House Speaker Gus Mutscher pledged cooperation.

CITIES COLLECT \$35.5 MILLION — Texas cities which levy a one percent local option sales tax received nearly \$35.5 million from January-March collections on sales within their boundaries.

Collection for the first quarter of 1971 compared with \$39.6 million for the final quarter of 1970 and \$36.5 million for the third quarter of 1970.

More than 400 cities levy local option sales tax.

Money goes to the state comptroller and is handed back to cities of origin. During the quarter ending March 31 the state retained \$719,756 as its service fee.

INSURANCE RATE HIKE ASKED AGAIN — Auto insurance companies were expected to request rate increases of more than 25 percent at a hearing before the State Insurance Board June 30.

Companies six months ago were granted a 14 percent increase, but were far from happy and insisted on more. They wanted a 27 percent boost.

A new law permits motorists to purchase deductible liability insurance if they are willing to assume the risk of the first \$250 damage their car may do to property. Another new act gives the State Insurance Board direction to promulgate rules for cancellation and nonrenewal of policies.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Deane Wright, athletic director for Hamlin Schools, has volunteered his services in an effort to get a summer youth program started for Hamlin. How much of a program we will have this year will depend on how much help he gets and how much interest is shown by the youth.

The program will start with registration Tuesday morning and run through the month of July. The program will be for boys and girls six years of age and older.

What programs will be available will depend on what the youngsters are interested in and the availability of people to help.

The school has offered the use of its facilities for the program.

Current plans call for the program to run from 9 to 12 Monday through Friday during the balance of July.

It is hoped that there will be enough interest shown in this program to lay the ground work for a bigger and better program next year.

Since there are a number of boat owners in the area it might be well to point out that the week of July 4-10 is "Safe Boating Week" and to note that a new regulation has been added to the Texas Water Safety Act.

Effective immediately the operator of every Class A and Class 1 motorboat while underway shall require every passenger under twelve years of age or under to wear a life preserver of the sort prescribed by the regulations of the Commandant of the Coast Guard.

This means that just having the approved life preservers in the boat will not be enough if you have youngsters along.

With 283,132 boats registered in Texas it is obvious that more and more regulations will have to be imposed if the water death rate is to be held in check.

While this country was founded on the principals of freedom of speech and the freedom of the press, I doubt that our founding fathers really meant for these freedoms to become what they have today.

I find it a little hard to believe that the people who wrote our Constitution and gave us our Bill of Rights really meant for these freedoms to cover the public use of vulgar four letter words. Nor do I believe that they intended to grant the press the freedom of deciding what should and what should not be classified government documents.

By the time this is printed it may well be that the Supreme Court has decided the issue between the newspapers and the federal government in the matter of printing stolen government documents.

What I don't understand is the question that is to be determined by the courts. From reading all of the accounts it seems that the question the courts must decide is whether or not secret information will really hurt our government if it is printed.

To me the question should be: "Does anyone outside of the government have the right to declassify information?"

I don't believe that I am ready to turn over to the New York Times or any other newspaper the power of determining what should and should not be classified information.

I admit that there is probably a lot of information that should no longer be classified but it should be up to Congress or some other government organization to decide this matter rather than some newspaper editor.

To me it seems that the matter is one where someone has stolen government documents and some

SIGN-UP TUESDAY —

Plans Being Made for Recreational Program

A limited Summer Recreational program will be launched here Tuesday, July 6, with registration in the high school gymnasium, according to Deane Wright, who has volunteered his services for the program.

Boys and girls, ages 6 and over, who are interested in some type of summer recreational program are to meet in the gymnasium in the high school building at 9 Tuesday morning.

If enough interest is shown, the program will be conducted from 9 a.m. until noon, Monday through Friday of each week in July.

Supt. C. F. Cook announced this week that the facilities of the school will be made available for the program.

It is not known at this time just what activities will be available. Coach Wright said that this will depend on what the youngster who register are interested in. Among the possibilities suggested by Coach Wright were basketball, volleyball, trampoline, weights, tennis, and twirling.

Any older youth who might be interested in helping with the younger children are urged to contact Coach Wright or meet with the group Tuesday.

Local Youth to Attend Evangelism Conference

A group of young people from North Central Baptist Church will be among the 15,000 expected at the Youth Evangelism Conference to be held in Fort Worth July 1-2.

The youth, accompanied by the pastor, Rev. Harold Fleming, and Mrs. Fleming and the youth and music director, Robert Bailey, will travel with the North Park Baptist Church youth from Abilene on the North Park bus.

The young people will leave here at 12:30 p.m. today (Thursday) and return around noon on Saturday.

The youth have been working several months to earn money for the trip.

Expecting to go are Frank Meyner, Terry Neal, Debi Meyner, John Charles Hix, Danny Hix, Debby Hix, Diane

Spain did not acknowledge the independence of the United States until 1873.

Fleming, Jimmie Niedecken, Iva Jaye Starr, Linda Walden, Yvonne Castle, Randy Crouch, Ray Scifres and Reba Carter of Rotan.

The conference will be held in the Tarrant County Convention Center.

The Hamlin youth will be housed at Park Temple Baptist Church.

Speakers will include Terry Bradshaw of the Pittsburgh Steelers professional football team and Bill Glass, former professional football player for the Cleveland Browns.

Bailey said, "The youth will participate in a spiritual 'blitz,' singing and telling about Christ in the downtown area, the zoo, shopping centers, and local church fields."

After their return home Saturday the choir will make preparation for an appearance Sunday at 7 p.m. in the First Baptist Church of Aspermont.

Most Businesses To Close Monday

With the Fourth of July falling on Sunday this year, a check with local merchants indicate that most of Hamlin's business houses will be closed on Monday, July 5.

July 4 is one of the regular holidays voted on by the Retail Trade Committee of the Hamlin Board of Community Development with the holiday falling on Sunday the merchants voted to take Monday as a holiday.

McCaulley Post Office to Observe Postal Service Day

Mrs. Rose M. Crowley of McCaulley has been appointed McCaulley Postmaster, according to E.C. Stevenson, acting director, Dallas postal region. She was one of eight persons appointed in Texas.

Mrs. Crowley has issued a special invitation to all the McCaulley postal customers to come to the office today (Thursday) to take part in the national "Postal Service Day" celebration. Today will mark the inauguration of the new United States Postal Service.

Visitors to the post office will be given a souvenir envelope imprinted with the old and the new insignia of the Postal Service. This envelope will also be made available in limited numbers as a first day cancellation — for just the cost of an 8 cent stamp — by stamping and cancelling half of the souvenir envelopes in advance.

A Fisher County native, Mrs. Crowley has worked at the McCaulley Post Office since December, 1948, and has been acting postmaster since Jan. 17, 1969.

Her late husband, Jerry Crowley, was a county commissioner 18 years.

She has one daughter, Mrs. Catherine Tehkonen of El Paso, and four grandchildren.

Girl Scouts were organized in 1912.

Barbecue, Pageant Set Here Monday Evening

A big Fourth of July celebration is being planned in Hamlin by the Hamlin Board of Community Development and the Hamlin Jaycee-ettes, Monday, July 5.

The BCD will sponsor an old fashioned barbecue at the high school cafeteria with serving to begin at 5 p.m.

The Jaycee-ettes will stage their annual Beauty Pageant and Festival at 8 p.m. in the football stadium.

Tickets are now on sale at several business firms. The price is \$2.00 for adults and \$1.25 for children under 12. Proceeds will be used for the BCD's current cleanup campaign, according to Ellis West and Jerry Smith, chairmen.

The menu will feature barbecue beef and pork and all the trimmings.

Tickets to the pageant will be sold at the gate. Admission will be 50 cents for adults and 25 cents for children.

There will be four divisions in the pageant. Mrs. Marshall Waldon is general chairman.

The divisions and their chairmen are: Miss Piper-ette (three years through second grade in the fall) Mrs. Ewell Mackey and Mrs. Joe Cortez; Little Miss (third grade through fifth grade in the fall) Mrs. John Edd Scott; Junior Miss (sixth grade through eighth grade in the fall) Mrs. Charles Brumley;

Miss Pied Piper (freshmen through seniors) Mrs. Ken Prewit.

The girls were honored with a Coke party at the Jaycee Building Monday afternoon.

Arrangements have been made for pictures to be taken of the contestants. Only pictures of those who contact the chairman of their respective division will be taken.

Merchants are sponsoring the contestants. The merchants, their contestants and the parents of the girls are as follows:

Winn's Stores, Inc. — Lisa

Rogers, Mr. and Mrs. Dwaine Rogers.

Bryant Insurance Agency — Tresa Lee, Mr. and Mrs. Donald Lee.

White Auto Store — Annette Woolf, Mr. and Mrs. Jimmy Woolf.

Activities Planned Here For 'Postal Service Day'

During the inauguration of the new United States Postal Service today (Thursday), Postmaster Bobby Crowley announced that all members of the community are invited to visit the local Post Office.

Visitors to the Hamlin Post Office will be given a new souvenir envelope imprinted with the old and new insignia of the Postal Service.

This envelope will also be made available in limited numbers as a first day cancellation, for just the cost of an eight cent stamp, by stamping and cancelling half of the souvenir envelopes in advance.

This will be the first time first day covers have been available in all U.S. Post Offices.

A photographic display of modern Postal Service jobs and functions will help visitors learn more about the functions of the Postal Service.

The inauguration marks the official change from the Post Office Department to the U. S. Postal Service. Dedication ceremonies in Washington will mark the change over.

STARTS TODAY—

New Sales Tax Rate Starts With 10¢ Item

Beginning today (Thursday), 10-cent newspapers, coffee, candy and soft drinks will cost more as the combined State and City Sales Tax of 5 percent starts with 10-cent sales. The new state rate of 4 percent will go into effect today, bringing the total rate to 5 percent in most cities across the state.

This is true except for vending machine sales and under state law vending machine sales under 16 cents are exempt.

The one cent tax is imposed on all sales from 10 cents to 29 cents. The second cent of the new tax is levied between 30 and 49 cents, there is a three cent tax from 50 to 69 cents, four from 70 to 89 cents and five-cent tax from 90 cents to \$1.09.

Where a city sales tax is not

charged the tax starts at 13 cents.

The City of Hamlin collected nearly \$1,000 more from the city sales tax this quarter over the same quarter a year ago. The amount collected this year was \$8,291 and the amount a year ago was \$7,340.

Hamlin Herald Publisher Bob Craig said this week that it was his understanding that while the newsstand price of 10 cents on the paper was taxable that annual subscriptions would still be exempt from the tax. This is based on the cost per each price of less than 10 cents on annual subscriptions.

He also noted that some papers are raising their newsstand prices to 14 cents, or 15 cents tax included, but he is putting off any decision on this until later.

Neinda Baptist Church to Open Revival Sunday

Revival Services are scheduled for the Neinda Baptist Church July 4-11, according to the pastor, Rev. Frank Codington.

The evangelist will be Rev. Charles Whitlock, pastor of First Baptist Church of Roby. Services will begin nightly at 8. Prayer services will be at 7:30 p.m.

Robert Bailey, music director of North Central Baptist Church will be in charge of the music. The public is cordially invited to attend.

Homer Dill, City Patrolman, Quits

Homer Dill, city patrolman for the past year, submitted his resignation to the Hamlin Police Department effective Friday, according to Police Chief Ed Wheat.

In accepting Dill's resignation, Chief Wheat expressed his appreciation for the work done by Patrolman Dill while on the force and also complimented his work done with the Explorer Scouts and other civic activities.

Dill, who is now employed by Frank's TV, plans to continue to live in Hamlin.

RECEIVES GAVEL — James Eddie Jay, incoming president, right, receives the gavel from Joe E. Ford, retiring president of the Hamlin Rotary Club. The installation of new officers was held last Wednesday. Other officers include Frank Stivison, vice-president; Kenneth Scott, secretary-treasurer, Donald Young, Guy Weaver, new directors; C. F. Cook, Don Bockman and Ford, holdover directors.

LIONS CLUB INSTALLATION — James Wheeler of Abilene, Lions Club District Governor, center, installed officers of the Hamlin Lions Club to be led by Bill Harbert, left, president. A. L. Gamble, right, is first vice president. The installation was held at the noon luncheon Tuesday when wives of members were guests.

AN ORDINANCE GRANTING TO LONE STAR GAS COMPANY, A CORPORATION, ITS SUCCESSORS AND ASSIGNS, A FRANCHISE TO FURNISH AND SUPPLY GAS TO THE GENERAL PUBLIC IN THE CITY OF HAMLIN, JONES COUNTY, TEXAS, FOR THE TRANSPORTING, DELIVERY, SALE AND DISTRIBUTION OF GAS IN, OUT OF, AND THROUGH SAID MUNICIPALITY FOR ALL PURPOSES:

PROVIDING FOR THE PAYMENT OF A FEE OR CHARGE FOR THE USE OF THE STREETS, ALLEYS AND PUBLIC WAYS; PROVIDING THAT IT SHALL BE IN LIEU OF OTHER FEES AND CHARGES, EXCEPTING AD VALOREM TAXES; AND REPEALING ALL PREVIOUS GAS FRANCHISE ORDINANCES.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HAMLIN, TEXAS:

SECTION 1. That the City of Hamlin, Texas, hereinafter called "City," hereby grants to Lone Star Gas Company, hereinafter called "Company," its successors and assigns, consent to use and occupy the present and future streets, alleys, highways, public places, public thoroughfares and grounds of City for the purpose of laying, maintaining, constructing, operating and replacing therein and thereon pipelines and all other appurtenant equipment needed and necessary to deliver gas in, out of, and through said city and to sell gas to persons, firms, and corporations, including all the general public, within the City's corporate limits, said consent being granted for a term of twenty-five (25) years from and after the date of the final passage and approval of this ordinance.

SECTION 2. Company shall lay, maintain, construct, operate and replace its pipes, mains, laterals and other equipment within the city limits so as to interfere as little as possible with traffic, the surfaces of any public road, highway, streets, lanes, alleys or other public places disturbed by Company in performing the above, and shall restore same immediately after completion of the work to as near original condition as possible and shall be maintained to the satisfaction of the City Council or an authorized committee or agent appointed by said Council, for one year from the date of completion of said work, after which time responsibility for maintenance shall become the duty of the City. Whenever feasible, all paved streets and alley crossings shall be accomplished by the Company boring or punching a hole for their line but it shall not be required that Company case its line in any such street or alley

crossing. Insofar as possible, all pipelines laid in any street area shall be laid in the area between the curb and sidewalk.

Company shall upon request of City or upon request of any licensed plumber or other Contractor authorized to make any excavation in streets and alleys, forthwith locate on the ground Company's lines involved and advise the depth of Company's lines. Company shall be required, before doing any work in the streets, to first notify the City Council or an authorized committee or agent appointed by said Council of its intention to do so. If there is in the opinion of the City Council an unreasonable delay by the Company in restoring and maintaining streets, highways, parks and alleys after excavation, repairs and extensions have been made, the City shall have the right without further notice to restore or repair same and require the Company to pay the reasonable cost of so repairing or restoring them.

The territory covered by this franchise is all of the territory within the present boundary of the corporate limits of the City of Hamlin, Texas and any additional territory that may be annexed to the City of Hamlin, Texas at a later date, including the limitations on main extensions provided in Section 5 hereof.

In the event of extension of the present City of Hamlin, Texas, howsoever the same may be brought about, all of the rights, duties, liabilities, obligations and covenants herein set forth, including the limitation on main extensions provided in Section 5 hereof, shall apply to the portion or areas which are outside the present City limit as the same are added to the territorial limits of the City of Hamlin, Texas but not otherwise.

SECTION 3. When Company shall make or cause to be made excavations or shall place obstructions in any street, alley or other public place, the public shall be protected by barriers and lights placed, erected and maintained by Company; and in the event of an injury to any person or damage to any property by reason of the construction, operation or maintenance of the gas distributing plant or system of Company, Company shall indemnify and keep harmless City from any and all liability in connection therewith.

SECTION 4. In addition to the rates charged for gas supplied, Company may make and enforce reasonable charges, rules and regulations for service rendered in the conduct of its business, including a charge for services rendered in the inauguration of natural gas service, and may require, before furnishing service, the execution of a contract therefor. Company shall have the right to contract with each customer with reference to installation of, and payment for, any and all of the gas piping from the connection thereof with the Company's main in the streets or alleys to and throughout the customer's premises, but the customer shall at all times have the right to hire or contract with any licensed plumber to do or perform all work on customer's premises. Company shall own, operate and maintain all service lines which are defined as the supply lines from the Company's main to the consumer's curb line when mains are located in the streets and to the consumer's property line when mains are located in the alley. The consumer shall own, operate and maintain all yard lines and house piping. Yard lines are defined as the underground supply lines extending from the point of connection with Company's service line to the point of connection with consumer's house piping.

SECTION 5. Company shall not be required to extend mains on any street more than one hundred (100) feet for any one consumer of gas.

SECTION 6. Company shall

be entitled to require from each and every consumer of gas, before gas service is commenced, a deposit of twice the amount of an estimated average monthly bill, which said deposit may be retained by Company until service is discontinued and all bills therefor have been paid. Company shall then return said deposit to the consumer, together with six percent (6 percent) interest thereon from the date of said deposit up to the date of discontinuance of service. Company shall be entitled to apply said deposit, with accrued interest, to any indebtedness owed Company by the consumer making the deposit.

SECTION 7. The rights, privileges and franchises granted by this ordinance are not to be considered exclusive, and City hereby expressly reserves the right to grant, at any time, like privileges, rights and franchises as it may see fit to any other person or corporation for the purpose of furnishing gas for light, heat and power to and for the City and the inhabitants thereof.

SECTION 8. Company shall furnish reasonably adequate gas service to the public at reasonable rates and charges, as shall be fixed by City Rate Ordinance and Company shall maintain its property, equipment and appliances in good order and condition.

SECTION 9. Nothing contained in this franchise shall be construed to be a waiver of any right which the City has, or may have, under its Charter, Home Rule Powers, Statutes of the State of Texas, or other authority to regulate rates of charges for gas service rendered by Company or to acquire by exercise of the power of eminent domain all of the distribution property of the Company located within the City Limits, or any part thereof that may be necessary for the City to acquire for any street, alley, park or other similar City facility.

Within ninety (90) days from date of acceptance by Company of this franchise, Company shall furnish to the City a print of its Block Maps showing thereon all gas feeder and gas distribution pipelines being operated by Grantee. Thereafter, as to each construction and reconstruction of such pipelines, the Company shall furnish the City a print of the final Survey Plat for each such gas main installation or reconstruction and shall reflect thereon the location and size of such gas main, in order that the city may currently post the Block Map furnished by Company. Company shall not be required to show the location of customer service lines extending from gas mains.

SECTION 10. Company, its successors and assigns, agrees to pay and City agrees to accept, on or before the first day of April, 1972, a sum of money which shall be equivalent to two percent (2 percent) of the gross receipts received by Company from the sale of gas to its domestic and commercial consumers within the city limits of said City (expressly excluding, however, receipts derived from sales to industrial and governmental users in said City) for the period January 1, 1971 to August 31, 1971, and two percent (2 percent) of the gross receipts received by Company from the sale of gas to its consumers within the city limits of said City (expressly excluding, however, receipts derived from sales to governmental users in said City) for the period from September 1, 1971 to December 31, 1971, and on or before the first day of April, 1973, and on or before the same day of each succeeding year during the life of this franchise, up to and including the year 1996, a sum of money which shall be equivalent to two percent (2 percent) of the gross receipts received by Company from the sale of gas to its consumers within the city limits of said City for the preceding

calendar year, (expressly excluding, however, receipts derived from sales to governmental users in said City), which annual payment shall be for the rights and privileges herein granted to the Company including expressly, without limitation, the right to use the streets, alleys and public ways of said City. And it is also expressly agreed that the aforesaid annual payment shall be in lieu of any and all other and additional occupational taxes, easement and franchise taxes or charges, (whether levied as a special or other character of tax or charge), in lieu of municipal license and inspection fees, street taxes and street or alley rentals or charges, and all other additional municipal taxes, charges, levies, fees and rentals of whatsoever kind and character which City may impose or hereafter be authorized to levy and collect, excepting only the usual general or special ad valorem taxes which City is authorized to levy and impose upon real and personal property. Should City not have the legal power to agree that the payment of the foregoing sums of money shall be in lieu of taxes, licenses, fees, street or alley rentals or charges, easement or franchise taxes or charges aforesaid, then City agrees that it will apply so much of said sums of money paid as may be necessary to satisfy Company's obligations, if any, to pay any such taxes, licenses, charges, fees, rentals, easement or franchise taxes or charges.

Nothing contained in this Section 10 shall ever be pleaded in defense or in bar against the imposition of an involuntary gross receipts tax or charge by the City which is greater than two percent (2 percent) set forth in this Section if the City is by statute authorized to impose the same, and if it has imposed such greater involuntary gross receipts tax or charge uniformly upon all persons, firms or corporations, then engaged in rendering gas or electric service within the City, but the amounts due under the provisions of this Section shall be included within and credited upon any greater involuntary tax or charge if the same is ever imposed.

In order to determine the gross receipts received by Company from the sale of gas (expressly excluding the sale of gas to governmental consumers) within the corporate limits of City, Company agrees that on the same date that payments are made as provided in the preceding paragraph of this Section 10 it will file with the City Clerk a sworn report showing the gross receipts received from the sale of gas to its domestic and commercial industrial consumers within said corporate limits for the calendar year preceding the date of payment. City may, if it sees fit, have the books and records of Company examined by a representative of said City to ascertain the correctness of the sworn reports agreed to be filed herein. Upon official request, and at said City's expense, the City representative shall be provided a copy of the certificate of gross receipts records as filed with the Railroad Commission in Austin.

Receipts from sales to governmental users or consumers shall include all those receipts derived from the sale of gas to federal, state, county or city governments or branches and subdivisions thereof, school districts or other similar districts, it being the intention to include within the term "governmental users and consumers" all tax-supported institutions owned or operated directly or indirectly by said governments and branches or subdivisions thereof, such as schools, colleges, hospitals, eleemosynary institutions, army or training camps, airports, courthouses, city hall and other institutions of like or similar kind and character. "Industrial users or consumers," as herein used, are those generally and commonly classified as such by Company.

The payment herein provided shall be for the period January 1 to December 31 of the respec-

tive year that the payment is made.

SECTION 11. When this franchise ordinance shall become effective, all previous ordinances of said City granting franchises for gas distribution purposes which were held by Company shall be automatically cancelled and annulled, and shall be of no further force and effect.

SECTION 12. This ordinance after passage shall be published at Company's expense in the Hamlin Herald one time and this ordinance shall not become effective until thirty (30) days after date of publication.

SECTION 13. Company shall file its written acceptance of this franchise ordinance within sixty (60) days after its final passage and approval by said City.

PASSED AND APPROVED on this the 21 day of June, A.D. 1971.

Mr. and Mrs. James Simpson of Waco visited his brother and family, Mr. and Mrs. Joe A. Simpson last week. They all attended the Fandangle in Albany Friday evening.

FHA Leaders Make Plans for Coming Year

The executive council of the Hamlin Chapter of the Future Homemakers of America met Tuesday in the home of the president, Pam Peace, to plan the program of work for the 1971-72 year. Velanne Rowland, first vice president, program chairman, presided.

The FHA programs planned were focused toward the national theme adopted for 1969-73. The national objectives are: (1) To strengthen bonds within the family and between the family and community; (2) To help youth comprehend the problems of society and contribute to their solutions.

The September meeting planned will be the Mother-Daughter salad supper to promote objective number one. A panel discussion will be "Happiness is One Big Family," will be the program.

Members of the executive council include Miss Peace, Miss Rowland; Latrese Williams, second vice president; Terrie Gregory, third vice president; Shelly Holtz, fourth vice president; Dana Knox, fifth vice president; Jeanie Ferguson, secretary-treasurer; Kathy Ponder, historian; Sharee Reese, parliamentarian; Jan Gardner, sergeant-at-arms; Terri Casey, pianist; and Mrs. Joe Wayne Carter, advisor.

Bridge Winners

Mrs. Preston Morrow of Rotan and Gene Knabel were first place winners at the Tuesday evening meeting of Hamlin Duplicate Bridge Club.

Mrs. Ray Sonnenburg and Mrs. Dale Lain were second and a tie for third was tallied by Mrs. Holly Toler and Mrs. W. L. Hunter Jr. and Mrs. Gene Knabel and Dale Lain.

MRS. RANDALL F. MONTGOMERY II
...formerly Pamela Jean Richey

Former Resident Wed In Hobbs

Pamela Jean Richey, daughter of Mr. and Mrs. Tommy D. Richey, former Hamlin residents now living in

Hobbs, N. Mex., was married to Randall Fields Montgomery II June 12 at First Presbyterian Church in Hobbs.

Parents of the bridegroom are Mr. and Mrs. Randall Montgomery of Hobbs.

The bride is the granddaughter of Mr. and Mrs. Ray Huling of Hamlin.

Rev. Jack London, pastor, officiated.

John Hood was best man and Darla Schlientz of Tucumcari, N. Mex., was maid of honor.

The bride was escorted to the altar by her father. She wore a formal empire styled silhouette gown of white silk organza. She carried a nosegay of pink bridal roses.

After the wedding trip to Mazatlan, Mexico, the couple established residence at the Jefferson House Apartments for the summer.

This fall they will return to Portales, N. Mex., where both are students in Eastern New Mexico University.

Recent visitors in the home of Mrs. F. M. Crow were Mr. and Mrs. J. M. Crow, Jimmy and Annette of East Gadsden, Ala., Mrs. N. D. (Marjory) Johnson of Odessa and Milton Crow of Virginia Beach, Va.

FORTY-FIVE YEARS AGO
(June 25, 1926)

But what's the use in telling more about that "flood" we had last Thursday afternoon? Everbody knows it now. But some day some body maybe the Editor will forget just how much rain fell in forty minutes one time in June, 1926. So here's telling the world that on Thursday afternoon, June 17 and on Friday morning the 18th, it rained just 5.65 inches. Most of it fell Thursday afternoon. The result was that Hamlin houses leaked under the strain of the deluge of water and the wind. Streets looked like rivers, and crossings became waterfalls. But there is a good side to this. There was but little damage. Some few trees were broken, and some parts of the streets were washed. In the country, the damage to crops was greatly offset by the good soaker coming at this season of the year. The terraced lands could not hold all the water and broke over with a bit of damage, but it is conceded that an occasional break-over hurts less than a general "run-off" every time it rains. Crop conditions are fine. A few acres lost now is nothing compared to thousands that are cinched for a good crop.

Engineers did not figure that floods would come in this country. The Highway just east of Hamlin was damaged at the first concrete bridge. The abutments being washed out.

TWENTY YEARS AGO
(June 29, 1951)

It was reported by the Chamber of Commerce that the clean up drive which has reached its end had disposed of 71 loads of trash during its week and spokesmen for the activity of the sanitation committee were somewhat disappointed in the results obtained.

Although a majority of the home owners in the community cooperated in the drive, there are still a number of glaring instances of neglect of property. Many of the alleys in the downtown section are still strewn with garbage and other trash and a little progress has been noted in the elimination of pig stys and outdoor toilets in the residential section. The sanitation committee anticipated that voluntary efforts would be made to clean up the premises in the town and no effort was made to force action.

Announcement was made early in this week that the Lueders Baptist Encampment program and District Convention will be held July 9-14.

Several outstanding speakers are scheduled to appear.

This issue of The Hamlin Herald will come to its readers as the first release from the modern Goss 16 page newspaper press that has been in the process of installation for the past two months.

Design of the press permits The Herald to print pages of the newspaper from a freshly cast curved plate which provides a new face of type for each printing.

The press is automatic in its operation and former method of hand feeding each sheet has been eliminated, each copy being printed

from a continuous roll of paper which is chopped off as the completed issue comes from the folder.

Installation of the press will speed up printing of your home town newspaper and will lead to a drive for additional subscribers as The Herald prepares to keep ahead of the growth of Hamlin.

The long awaited arrival of the Turkey baseball team in Hamlin for a return of the Hamlin visit of last month is in the offering for Hamlin baseball fans.

Tuesday night, July 3, will bring the stalwarts of that club here and Hamlin is preparing to make the visit an interesting one. The Cardinals were handed a 14 to 8 drubbing on their trip to the far reaches of the Panhandle.

Game time has been set at 8:15 p.m. and the ball park has been freshly mowed for this important game.

TEN YEARS AGO
(June 22, 1961)

The Hamlin Jaycees will host a Softball Tournament here this weekend. Teams from Stamford, Munday, Rotan, Oil Mill and Hamlin will complete in the Friday and Saturday tourney.

A trophy will be awarded to the winning team.

Admission prices to the games will be: adults 50 cents and children under 12 25 cents.

Mayor John V. Howard Jr. received word here this week that Hamlin's program for community improvement —workable program through the elimination and prevention of slums and blight. This will make Hamlin eligible to apply for one or more types of Federal assistance, according to the letter received from Representative Omar Burleson.

This clears the way for government approval of a loan for low-rent housing. The Housing Authority of the City of Hamlin is seeking approval of 20 units costing in the neighborhood of \$280,000.00.

Most of the merchants in Hamlin plan to be closed Tuesday July 4, in observance of Independence Day. This is one of the regular scheduled holidays of the retail trade committee of the Board of Community Development.

The only special activity in the area other than family reunions and picnics, is the Texas Cowboy Reunion which will open in Stamford July 1

And What Have You
By BOB CRAIG

newspapers have become a part of this crime by accepting the documents.

It may well be that no harm was done this time and it may be that the information should become public but what about next time? What if during World War II some newspaper had gotten hold of information on the atomic bomb and decided that this information should become public?

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One takes a look at a current controversy this week with his own brand of insight.

Dear editor:

I had always thought that "Classified" was something you paid for in a newspaper's Want-Ad section and wanted people to read, but like everybody else in the country who has seen a newspaper or watched television recently I've learned that Classified means something the Pentagon considers secret and doesn't want anybody else to read.

However in the uproar over the publication of the Vietnam classified documents from 47 volumes (some people wonder

what the Pentagon needs with 50 or 60 billion dollars a year but they don't understand the details; have you ever figured up how many rubber stamps it takes to stamp 15 sets of 47 volumes containing 7,000 pages with the words Top Secret-Classified?) there's one point it looks like everybody is missing. The point is, how come the Pentagon is the only outfit with the right to stamp something Classified and thereby make it against the law for outsiders to see it?

Personally I'd like to see this right extended, even if a man has to buy his own rubber stamp. Probably could get one at a government surplus sale.

For example, take a man's credit rating. If anything ought to be classified, that should.

When a mail order house wants you to buy something on credit and you'd like to too but it first insists on seeing your credit rating, you ought to have the right to say you're sorry but that information is classified but go ahead and fill the order.

If there was some way I could stamp my bank balance Classified and keep some bookkeeper or computer from looking at it, I wouldn't care how high taxes got or how far inflation went.

Boxed in with a hard question about where you were Saturday night? Mark it Classified and restore peace in the family.

The Pentagon is on to a good thing and I'm in favor of passing it around.

Yours faithfully,
J.A.

A DAILY INCIDENT!

Hardly a day passes without the newspapers reporting an automobile accident. Lives are lost and bodies maimed due to careless driving on our streets and highways.

Another daily incident which the newspapers often do not report, and to which others are indifferent, is the ruining of lives and character in the wretched, uneducated, and poverty-ridden parts of the great cities in our land. There are those who despair of ever getting out of their situation and so despondency sets in and a lack of desire to strive for worthy goals enters the spirit.

A loving God would have us aware of these whose lives, self-respect and character could be saved — if we were interested enough.

God often impresses the needs of His children upon those who attend His church. It is His will that we should show forth the love of God for mankind by helping all who are suffering.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

DRIVERS EDUCATION — Buddy Killion Jr., left, is taking his turn in the driving phase of the current drivers education course being taught by Travis Sursa, center. Riding as observers are David Willis and Kenneth Williams, right. Cars for the program are furnished by Albritton Motor Co.

Second Session Of Drivers Ed To Start July 10

The second summer session of Drivers Education will begin Saturday, July 10, with students registering at 9 a.m.

All participants have to be 15 years of age by July 10.

Coach Travis Sursa is the instructor. The classroom phase will be concluded July 29 with the driving to follow.

Cost of the course is \$25. The class under instruction at this time will complete requirements next week.

Vehicles for the two classes which were begun at the close of school were furnished by Albritton Motors. H. L. Williams used a 1971 Chevrolet and Sursa is using a 1971 Buick Skylark that will also be used for the second session.

Agent Gives Hints On Control of Boll Weevils

Early season insect control for overwintered bollweevils should start about 4½ weeks after cotton emerges, says Jones County Agent Kirby Clayton. Clayton recommends one application at the 4½ week stage only if weevils are found in the field.

Farmers who are located outside the bollweevil area and who do not have weevil problems should not apply insecticides for early season control.

The agent cautions farmers against using early season insect control too late in the season. He says the insecticide could kill off all beneficial insects, leaving the field open to a heavy attack of bollworms.

For further information contact your County Agent office.

From Area Papers

Stamford American — The Small Business Administration has approved a guarantee of rental on a proposed car repair and remodeling shop for Stamford. Notice of this was received here Friday by John Harrell, president of Stamford Industrial Foundation from Cong. Omar Burleson.

Total amount involved in the guarantee is \$1,440,000 over a 20-year period.

Status of the project, which has been underway here for several months, is still not certain, however. Texas Central Enterprises, who own Texas Central Railway from here to Rotan, at first were going to lease the facility and operate it. They have withdrawn from the project.

At the present time, Harrell explained, an effort is being made to form a local cooperation to operate the car shop.

The school board, in their meeting last week, discussed plans for remodeling, approved two new teachers, hired an elementary principal and a high school librarian.

Remodeling calls for three new classrooms in the old gym facilities and building a biology laboratory in the third floor of the High School in connection with the chemistry lab.

The school is building the biology lab and bids will be taken for the classrooms.

The Haskell Free Press — Approximately 40 business owners of Haskell were guests of the Haskell Free Press Monday at noon for a steak dinner, and to hear guest speaker, Lou Copone of Oklahoma City, conduct a business seminar.

In addressing the business

people of Haskell, Capone stated, "The right to criticize should be limited to the ones who have the heart to change."

To build a better image for our city, he suggested working toward creating a town that is pleasant to look at. Clean it up, then get out of a rut, and operate our town like a shopping center, with an exciting atmosphere every weekend to bring people to town.

He suggested that the Retail Trade Committee be run like a group of stockholders — everyone should be involved. Everyone should have the success of their town at heart, and do their share to make it successful.

Western Observer (Anson) — The most costly business section fire in Anson in recent years resulted in near total loss of stock and extensive damage to the building Sunday night at Ham's Super Market.

Windows were boarded and doors barred Monday and Tuesday while insurance adjusters and building construction, electric, and plumbing representatives made inspections and estimates on losses to contents and damage to structure.

Both the building and stock was insured, the owners said, and the best estimates were that at least two months will be needed to clear up everything and get the building and fixtures ready to receive a new stock of groceries.

AGENT SAYS—

Quality Hay Can Mean Extra Dollars for Producers

If county livestock producers give special attention to harvesting good quality hay at the right time, they will find out that means extra dollars when the hay is fed next season, says County Agent Kirby Clayton.

Two main factors that determine the quality of hay are the amount of fertilizer and lime it receives and the age of the crop when it is harvested.

A soil test is the best indicator of what nutrients are needed to produce abundant amounts of hay crops. If no tests were made earlier in the year, and present growth of forage or yields from first cuttings are not up to par despite fertilization, a soil test must be considered.

While nitrogen influences protein content, phosphorus, potassium, and other nutrients also help to improve protein and the quality of hay. After baling, an immediate topdress with fertilizer will aid in faster, high quality regrowth, according to Clayton.

Delaying harvest of hay will result in an increased tonnage, mostly in the form of stalk and fiber, but overall quality will be lowered.

Johnson grass, sundew hybrids, and other grasses which produce seedheads should be cut before the seedheads emerge. Crops such

as Coastal Bermuda grass should be cut when the growth is about four weeks old or less.

Plan to cut alfalfa when it's one-tenth to one-fourth in bloom, advises Clayton.

Cutting hay at these stages gives the highest production of total digestible nutrients (TDN).

Another important point to remember in producing high quality hay is to start baling as soon as possible after cuttings, reminds the Agent.

Texas Holiday Death Toll Expected to Claim 48 Lives

AUSTIN — Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents over the long July 4th holiday weekend will claim 48 lives in the Lone Star State.

In addition, Speir said it appears that between 6 p.m. Friday, July 2 and midnight Monday, July 5 — the official holiday weekend — these same collisions could result in hundreds, perhaps a thousand or more injuries, and a monetary loss running into the millions of dollars.

The DPS director, in a special appeal, said, "We urge Texans to reduce the toll by obeying the laws of safety, driving defensively, avoiding fatigue while driving, and, above all, by not driving while drinking. The ultimate solution to lessening the toll obviously lies in the hands of each driver."

Speir said as many DPS patrolmen would be on duty as possible, including some from uniformed services other than the Highway Patrol. He noted that many local law enforcement agencies will place similar special emphasis during the holiday period.

The Department of Public Safety will also conduct its "Operation Motorcade" program during the holiday which, in cooperation with local police agencies and the news media of Texas, attempts to focus public attention on accident hazards through the rapid compilation and release of information on fatal traffic mishaps during the period.

"We are hopeful," Speir said, "that all street and highway users will make the slogan 'Drive Friendly' a reality during the July 4th weekend."

Homer Dill Expresses Thanks

Dear Editor:

I want to express my gratitude to the people of Hamlin for their friendship during the past year while I have been a patrolman for the City of Hamlin. I have enjoyed working in this capacity.

I have resigned as a patrolman but plan to continue to make Hamlin my home.

Sincerely,
Homer Dill

WATCH FOR TOMMY

**he'll be
watching out for you**

This July 4th week-end many Texas families will be out enjoying themselves. But Department of Public Safety Officer Tom May and hundreds of other patrolmen will be working. They'll be watching out for you, trying to make your week-end safer. It's a tough job . . . and you can help make Tommy's job easier. How? By DRIVING FRIENDLY. That means getting on and off expressways cautiously . . . not driving and drinking . . . keeping within speed limits (particularly on rural roads) . . . observing all warning signs on roads under construction and getting plenty of rest before travelling.

NEWS FROM . . .

Sylvester

By MRS. R. M. BARR

We have a cool cloudy day with hopes for rain before the day is over.

Mr. Ira Haile's grandson has been here for two weeks and plans on staying one more to help his grandfather take care of things.

Mr. and Mrs. Max Deel and children of Levelland drove by the W. B. Brown home on Friday night, spent the night but on Saturday morning, Max, Wilda and daughter Karla drove on to a Deel family reunion with the younger ones

staying with their grandparents. Also coming over were the Prather children from Sweetwater and every one had a good time.

Lori and Angela Maberry of Allen came home with their grandparents and have spent the past week with the Maberry and Kelly families.

A gift shower was given last Friday afternoon in the Methodist Church basement for Peggy Sellers, bride elect of Randall Kelly. Many lovely gifts were received.

On Saturday afternoon a Bridal Shower was given in the R.E.A. building in Roby for Jackie Stephenson, bride elect of Charles Mann. Jackie received many lovely gifts.

The Buster Grigg family enjoyed a visit to Six Flags on Thursday and Friday last week.

The J. L. Williams children returned to their home last week having spent several weeks here with their grandparents, the Jack Gann family.

The Jeffery family had a reunion in Rotan on Sunday with the Med Herrons, the Roy Herrons, the W.M. Lawlises, all of Sylvester; the Jimmy Purvis family of Euless and the Dobbs family of Big Spring attending. The Purvis daughter went home with the Dobbs and Jamie Purvis is staying with his grandparents, the Lawlises.

A smile doesn't cost you a thing so try it sometime.

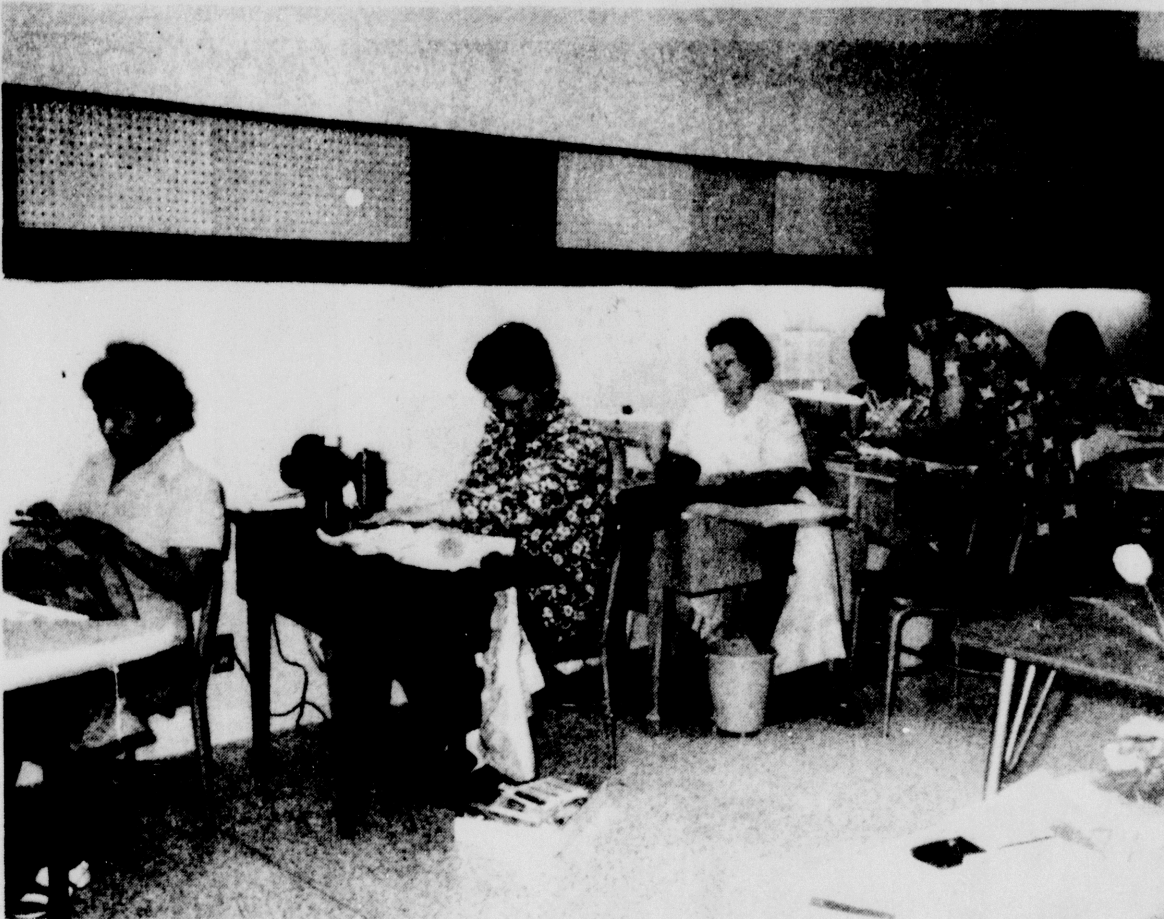

Guests in the home of Mrs. J. E. Tindall last week were two daughters, Hazel Mauldin of Stephenville and Mrs. Aileen Stevens of Marshall.

Mr. and Mrs. Guy Mauldin spent the weekend in Clifton in the Kenneth Mauldin home.

Bro. and Mrs. Tommy Wilson of Meadow stopped by to spend the night with her mother, Mrs. Gladys Williams on their way to Dallas to a wedding.

Mr. and Mrs. Buster Brown and daughter spent the weekend in the L. C. Brown home.

Randy and Patti Maberry of Garland are visiting with their

CLOTHING CONSTRUCTION CLASS — At the Tuesday afternoon session of the adult clothing class being taught at the Homemaking Department are, from left, Mrs. D. T. Flores, Mrs. J. C. Farmer, Mrs. Stella West, Mrs. Janie Cork, being assisted by Mrs. Joe Wayne Carter, instructor, and Julie Farmer.

Clothing Class Draws 20 Ladies

Some 20 ladies have taken part in the two week class in Clothing Construction conducted in the Homemaking Department of Hamlin High School. The class will be concluded Friday.

Two sessions have been held Mondays, Tuesdays, Thursdays and Fridays from 2 to 4 p.m. and 7:30 to 9:30 p.m. for those who could not attend in the afternoon.

Various garments being made include dresses, pants and pant suits, men's knit trousers and shirt, dress and

coat ensemble, jump suit and a bathing suit.

Adults, in-school youth and out-of-school youth have enrolled. Some are beginning seamstresses and others are very experienced. Mrs. Joe Wayne Carter is the instructor.

Those who attended one or more sessions of the classes during the first week are Mmes. Gene Almanza, John Barnett, Janie Cork, Ben Curry, J. C. Farmer, D. T. Flores, Lionel Gonzalez, V. E. Holt, Isa Jenkins, Annie Nell Lee, Will Ribera Jr., K. T. Scott, Donald Van Dam, Stella West, L. L. Woods and Misses Julie Farmer, Debra Lee, Peggy Lee, Tracy Neil Lee, and Mitzi Hunter.

grandparents, Mr. and Mrs. Roy Kiser. Mrs. Kiser visited in the Maberry home in Garland over the weekend and brought the youngsters home with her.

AUSTIN — Gov. Preson Smith, in an unprecedented veto action, turned the job of rewriting the entire 1973 state budget to a special legislative session next year.

Smith took the axe to \$3.1 billion in state spending which he found "unnecessary and unwarranted" for the second half of the biennium. He announced his decision on a statewide television program, and said that he will submit to the lawmakers, before September 1972, a new 1973 budget proposal which will require no new taxes.

Smith made it clear that a 1972 special session is inevitable, anyway, because the Legislature did not appropriate welfare funds for the second year.

Governor's action may accomplish the following regardless of whether a new tax bill can be avoided next year (Texas Research League estimates a \$474 million biennial tax bill will be required in the 1972 special session):

— Legislators will have to take a sober second look at spending items in an election year when many are faced with general election contests.

— Fact that little additional

federal aid is available for welfare spending, in spite of predictions by Smith, Lt. Gov. Ben Barnes and others, will be partially obscured, since the special session will not be confined to welfare alone but opened to the entire area of government spending for 1973.

Smith declined to reveal his future political plans but left dangling the prospect of a third term race.

Governor claims the public response has been almost 100 percent favorable to his historic veto. Lieutenant Governor and House Speaker Gus Mutscher pledged cooperation.

CITIES COLLECT \$35.5 MILLION — Texas cities which levy a one percent local option sales tax received nearly \$35.5 million from January-March collections on sales within their boundaries.

Collection for the first quarter of 1971 compared with \$39.6 million for the final quarter of 1970 and \$36.5 million for the third quarter of 1970.

More than 400 cities levy local option sales tax. Money goes to the state comptroller and is handed back to cities of origin. During the quarter ending March 31 the state retained \$719,756 as its service fee.

INSURANCE RATE HIKE ASKED AGAIN — Auto insurance companies were expected to request rate increases of more than 25 percent at a hearing before the State Insurance Board June 30.

Companies six months ago were granted a 14 percent increase, but were far from happy and insisted on more. They wanted a 27 percent boost. A new law permits motorists to purchase deductible liability insurance if they are willing to assume the risk of the first \$250 damage their car may do to property. Another new act gives the State Insurance Board direction to promulgate rules for cancellation and nonrenewal of policies.

The oldest national anthem is the Kimigayo of Japan in which the words date from the 9th century.

THE FAMILY LAWYER

"Doctor in the House?"

Suppose you are sitting in a theater when the man next to you slumps to the floor, unconscious. In alarm, you shout:

"Is there a doctor in the house?"

And a doctor comes and gives first aid. As the person who summoned the doctor, could you be held legally liable for his fee?

As a general rule, when you request any kind of services to be performed for someone else, you may indeed be responsible for payment. But in the case of a medical emergency, the law usually makes an exception and denies liability. As one court explained:

"Persons commonly call for medical aid for the sick solely out of a spirit of kindness, without any expectation of becoming personally responsible."

Would it matter that the sick person was your friend or relative? Not necessarily. Thus:

A man brought his daughter-in-law to the hospital for some tests while her husband was away on a trip. When surgery became necessary, he told the doctor to go ahead. Did this request, plus his kinship to the patient, make him responsible for the surgical fee?

A court said no, because it was not customary for a man to be responsible for his daughter-in-law's medical expenses. To make him liable, said the court, there would have to be a more specific understanding between him and the doctor.

Still, the understanding need not be as specific as a formal legal contract. In another case, a man was driving his girl friend home from a party when he had an accident. The girl was badly injured, and he rushed her to a hospital.

There he begged the doctor to do everything he could to save her life. He said he "felt responsible" because she had suffered the injury in his car.

Later, he tried to avoid liability to the doctor by pointing out that he had not made a specific agreement to pay. But a court held him responsible anyhow. The judge said the comments he did make, under such circumstances, could fairly be interpreted as a promise to foot the bills.
